Bayside is a community center that is ninety-one years old and is located at 2202 Comstock Street, San Diego, CA 92111. There are several programs that Bayside sponsors through the BELC:

1. Tiny Gardens with Tomasa are growing bags you can take home and grow food on your balcony or porch.
2. Bayside Co-operative Garden is a program where Bayside raises food in the yard of your house for an under-market rate of rent.
3. The Community Garden was started in 2011. It was uprooted in 2017. Bayside applied for the new location of the Linda Vista Community Garden in January 2020. This garden is in a public park and recreation center. This garden will have 17 planting beds and 4 raised beds for older people or the disabled. There will be room for community food distribution. In December 2023 there was a Groundbreaking with the San Diego Parks Foundation permit. Initial funds were from the Linda Vista Town Council. The Carpenter's Union will start to build the structure in March 2024 and a Special Use Permit will be issued to Bayside to oversee the garden.
4. To apply for a plot in the garden you must be Linda Vista Resident, attend garden events, and fill out an application. Those who are not residents of Linda Vista can volunteer in the garden.
