IV. Speaker: Victor Tocco, Vice President, Linda Vista Town Council report: On 6/23/2022 there was a 4-car collision on Comstock Street. Before this date the neighbor had a similar incident and both times their vehicles were totaled out by their insurance company. On February 24th, a vehicle went up the curb and onto the lawn and hit Remy, Victor's dog. It seems that every six months there is a vehicular accident involving a living creature on Comstock Street.

Comstock Street has two schools within a quarter mile of it. School is starting soon. There are no signs to slow traffic, there are no speed bumps to slow traffic. The issue of speeding on Comstock Street has not adequately been addressed. We need education about speeding on this street starting at Nye Street to Osler Street and bringing it to the attention of more residents so that we can get something done.

The Linda Vista Planning Committee was planning on Round-Abouts to slow traffic flow. The least we can do is send a letter outlining these incidents to Raul Campillo, the City Councilman for Linda Vista, and include our demands: 1) Speed Bumps anywhere 2) Stop signs 3) Rapid Response Times 4) Speed Pillows (10-12 feet wide) 5) Pull warrants for speeding in this area for documentation 6) Driver Education especially about speeding. 7) Miles Noel says that the city is doing traffic studies about this problem. 8) Courtney Aguilar motioned we send a letter to Raul Campillo about our concerns. Joshan Collins seconded the motion. We should have the entire Linda Vista Town Council sign the letter.

V. Community Concerns:
A. Michaela (last name) has an update on the 2022 Early Learning Outdoor Patio proposal. It has finally been sent to the City of San Diego for approval.
